

Governing body delegation planner

For local authority maintained schools

Reviewed June 2024

This delegation planner details the legal responsibilities that governing bodies have as well as essential wider responsibilities. It is intended to support conversations between governors, headteachers and governance professionals about how responsibilities are delegated.

While some functions may be delegated to committees or individuals, the governing body retains collective responsibility and should receive regular reports in order to stay informed.

This planner is not exhaustive; you may need to extend it to cover additional responsibilities that are relevant to your context. Policy approval is not detailed in this planner – refer to our [policy review schedule](#) for support in this area.
